HOW TO MAKE AN APPOINTMENT

FOR A DOCTORS APPOINTMENT

The surgery is total triage. What this means for patients is that if you would like to see or speak to a doctor, a triage form must be submitted via the triage form online using the QR code below or <https://florey accurx.com/p/M81039>

If you are unable to complete the triage form and need help, please contact the surgery and a member of our admin team will be more than happy to submit this on your behalf.

FOR A NURSE APPOINTMENT

Call the surgery for all nursing appointments and they can be booked in directly.

FOR ANYTHING ELSE

Please call the surgery.
